### Environmental Printing Summary

The following summarizes the state-of-the-art environmental practices that have been incorporated into the Town of Caledon Progress Report.

### Warren's Waterless Printing

*Canada's leading environmental printer using high-quality waterless print technology.*

The Town of Caledon Progress Report was printed by Warren's Waterless Printing using the waterless printing process. Warren's has reached beyond the standard environmental practices to ensure it delivers the most environmentally friendly and high quality printing outcomes available. The waterless printing process eliminates the use of fresh water and greatly reduces the use of harmful chemical compounds. This ensures that harmful chemicals are not emitted into the environment, and that water, a precious and scarce resource, is not wasted.

### Terrachoice-EcoLogo Certification

*Environmental certification by the Government of Canada*

The Town of Caledon Progress Report was printed by an EcoLogo certified printer. This program recognizes manufacturers and suppliers of environmentally preferable products and services that help consumers identify products and services that are less harmful to the environment.

### Bullfrog Power

*Clean, Reliable Electricity*

The Town of Caledon Progress Report was produced utilizing Bullfrog Power to power the printing presses. Bullfrog Power generates power exclusively from wind and low-impact water power generators and meet or exceed the federal government's EcoLogo standards for renewable electricity.

### Environmentally Friendly Paper (100% Recycled Paper)

*The paper was manufactured using non-polluting, wind-generated energy.*

The Town of Caledon Progress Report was printed on Mohawk Options 100% PC White paper, which is made of process-chlorine-free 100% post-consumer waste fiber. The paper is certified by Green Seal and the Forest Stewardship Council (FSC), which promotes environmentally appropriate, socially beneficial and economically viable management of the world's forests.

### Forest Stewardship Council (FSC) Certification

The Town of Caledon Progress Report was printed on paper and by a printer that is Forest Stewardship Council (FSC) certified. FSC promotes environmentally appropriate, socially beneficial and economically viable management of the world's forests.

### ISO 14001

The Town of Caledon Progress Report was produced by an ISO 14001 certified printer. Fully committed to continuous improvements in waste reduction and pollution prevention, Warren's has a comprehensive environmental management system that integrates sound business practices with environmental, health, safety and quality control practices.

ENVIRONMENTAL PRINTING – IT'S MORE THAN RECYCLED PAPER.™
